Dear Mr. Secretary:

Enclosed for recording under Section 11303 of the Interstate Commerce Act is one executed counterpart and four certified true copies of the above described supplementary Lease, between Lessor, 222 South Riverside Plaza, Chicago, Illinois and Lessee, 3450 Wilshire Boulevard, Los Angeles, California 90010, and assigned to Assignee, P.O. Under the Assignment of Leases, Lessor agrees to hold, lease, maintain and perform certain administrative and other services with respect to the equipment covered by such Lease (which equipment has been or is to be sold to Assignee) and assigns, transfers and sets over unto Assignee all of Lessor's right, title and interest, powers, privileges and other benefits in, but not its obligations under, the Lease together with all amounts which may be received or credited to the account of Lessor in respect of mileage compensation from railroads using the equipment leased under such Lease or any other sums received by or payable to Lessor from parties other than the Lessee with respect thereto, all in accordance with the Lease and the Assignment of Leases.

RIDER NO. 4
Forming Part of
NORTH AMERICAN CAR CORPORATION
CAR LEASING AGREEMENT 3278

The cars described herein shall be subject to the terms and conditions of said Agreement during the term of use and for the rental set forth below:

<u>Number of Cars</u>	<u>Type of Car</u>	<u>Monthly Rental Per Car</u>
Eighteen (18)	5750 cubic foot capacity PSI covered hopper cars, for shipment of Diatomaceous Earth (reporting marks presently not available) <i>See other attached for nos.</i>	\$536.00

Lessee agrees to be responsible for all freight charges incurred in the shipment of said cars to Lessee.

For each mile in excess of $\frac{30,000 \times \text{days in service}}{365}$ that each car covered by this Rider travels in a calendar year, there will be an additional charge of \$0.02.

North American and Lessee agree that the rental rate as shown above shall be increased \$1.40 per car per month for each point increase in the Wholesale Price Index of Commodity Prices (railroad equipment - code 144), according to the latest information available as reported in the current "Survey of Current Business", published by the U. S. Department of Commerce, as of the date the first car is released for delivery to Lessee, over a base of 253.6 as was reported for July, 1978. Rentals thus calculated shall be rounded to the nearest \$0.50.

In the event that during the term hereof, the U. S. Department of Transportation, or any other governmental agency or non-governmental organization having jurisdiction over the operation, safety or use of railroad equipment, requires that North American add, modify or in any manner adjust the cars subject to this lease in order to qualify them for operation in railroad interchange, Lessee agrees to pay an additional monthly charge of \$1.75 per car for each \$100 expended by North American on such car, effective as of the date the car is released from the shop after application of such additions, modifications or adjustments (hereinafter the "Modifications"). No rental credits will be issued on cars entering the shop for any Modification for the first thirty days. In the event North American in its sole discretion determines prior to making any Modification that the cost thereof is not economical to expend in view of the estimated remaining useful life of such car, and North American elects to permanently remove such car from Lessee's service rather than have such car taken to a car shop for such Modification, the rental with respect to such car shall terminate upon the date specified in writing by North American, provided that such date must be prior to the date the Modification is so required to be made.

The term of use of the cars hereinabove described shall commence on the date of delivery thereof to Lessee, and shall continue for a period ending five (5) years from the first day of the month following the average date of delivery of such cars to Lessee.

Dated this 26th day of December, 1978.
